FICTIONAL SAMPLE FOR CONSTRUCTSYNC TESTING ONLY

TAGUIG CITY REHABILITATION

KEY PLAN KP-TCR-01 / TCR-SAMPLE-001 / ARCHITECTURAL

Illustrative ground-floor work zones - not to scale

WORK SCOPE

Prepare and repaint existing wall surfaces.

Replace damaged floor finishes using the listed tiles, adhesive and grout.

Repair ceiling lining using fiber-cement boards and galvanized metal studs.

Quantities are governed by the MRF material schedule; this plan is illustrative.

Date needed: October 26, 2026

Inspect delivered quantities, sizes and packaging before receipt. All products must match the material descriptions; coordinate any substitutions with Procurement.

SAMPLE SOURCE DOCUMENT: select the existing Taguig City Rehabilitation project and the corresponding scope in ConstructSync. The app assigns its own MRF number when saved.
